
MORPHOSOS

Art that Gives Prestige and Sophistication

COLLECTION 2022

A series of thematically related sculptures.

The leitmotif of the works is a reflection on the course of human fate...on human ups and downs, power, weakness, sins, heroism, meanness, nobility...an artistic expression of dreams, hopes, desires, fears, doubts...

MORPHOSOS artists,
Piotr Cieřlik and Krzemir Heliński
create sculptures
both ready-created and to order,
in all scales and in all sectors,
for corporate, commercial, residential and other spaces.

Weight:

apprx. 27 kg (60 lb.)

Symbolic message of the sculpture:

artistic reflection on the timeless issues
- the human individual and humanity versus
eternity, infinity and time.

The human face is the leitmotif of our
works, expressing man as an individual and
humanity as the measure of all things.

The infinity loop symbolizes the question
that has been bothering humanity forever:
"what is there behind" ...

The eternal human desire to know and
understand what is the essence of eternity
and infinity.

The melting clock expresses the
omnipresence of time and identifies its
reign over human existence.
